## The modern approach to hand tool merchandising . . .

CLASSIC by Indestro, is truly the best balanced, value line of hand tools in America! It offers the rare combination of eye-appeal, variety, tool assortments and packaging innovations . . . all calculated to take full advantage of today's consumer impulse buying habits. The display shown on the left, clearly demonstrates the new look that is CLASSIC by Indestro. New design, new color, uncluttered cards enhance tool appearance . . . encourage self-service selection and each has the added benefit of subtle, skin-pack protection. These Modular display units can be used in a wide variety of combinations to fit any store, any space. Completely inter-changeable, they serve as effective wall, island, gondola or revolving tool showrooms. Not to be overlooked, is the CLASSIC price and tool quality—two features that have always been—and always will be—the Indestro trademark. For a further look at CLASSIC individual packaging—see inside back cover.

### • GUARANTEE •

Indestro Products are fully guaranteed against imperfections in workmanship and material, except those products indicated by a star (\*) which, because of their unique design, are not guaranteed.

Free replacement will be made of any imperfect tool upon its return to our factory.

The guarantee does not apply if inspection shows that the tool has been worn out from use, or has been abused by hammering, or used on undersized nuts, or ground or design changed, or used for purposes other than that for which it was designed.

Our liability under all warranties, expressed or implied, shall be limited to the replacement or repair of our products.

### "CLASSIC MERCHANTISING PANELS"

Classic offers a selection of Stocking Merchandising Panels as illustrated on the following pages. Individual displays or complete units may be ordered. The panels are painted an attractive chrome yellow with the tool outline and identification screened on each, in contrasting black. Each panel is finished with a stainless steel moulding. Long hooks for hanging tools are bolted to the panel, except for skin pack tool displays. The skin pack panels are drilled for special peg board hooks, which are included. Use these point of purchase displays to encourage "impulse buying."

### SPACE CONTROL UNIT 3

NO. 6995—WALL SPACE REQUIRED—42" HIGH x 48" WIDE

The display shown above is one of the most complete tool merchandisers available for the average store. Requires only 42" x 48" of wall space. The unit consists of three individual panels with tools. Complete details on contents of these displays, shown on page indicated. Panels with tools may be ordered individually or as complete three panel unit.

OPTIONAL — To order panels, other than indicated above, list the four 15" x 42" panels desired, plus No. 5253RB Revolving Base and No. BP6996 Bonus Pack. The unit will be completely assembled when shipped.

### THE "ORBITER 6"

Big brother to the "Orbiter 4" this 6 panel display is a real "swinger" when it comes to making sales. Large enough to hold all the tools necessary for a modern tool department, yet so compact it turns in a 36" circle. Entire unit revolves on ball bearings for easy turning. To compensate for the nominal charge of revolving base, a free bonus pack (retail value equal to cost of base) is included. The six merchandising panels included with this display, No. 6999, are listed below. However, you have the option of ordering any Classic 15" x 42" panels.

by Indestro

## SKIN PACK TOOLS

A complete assortment of the more popular selling hand tools is now available on Classic skin pack-pilfer proof cards. The assortment includes sockets and fittings, wrenches, pliers and screw drivers. Each tool is bonded firmly to a sturdy eye catching, black and orange display card. Cards are 3-7/8" wide. Length varies with tool.

Five stocking-merchandising panels. The panels are pre-drilled to hold the required peg board hooks, which are included with each panel. For re-ordering open stock, the packaging of tools listed with each panel indicates standard package quantities.

# classic™

by Indestro

Illustrated here, are 3 of the most popular individual tool sets in the CLASSIC line of hand tools. They reflect the attractive appearance and "innovative" packaging of the entire line.

The skin packed socket set, the MPI "nested" set (Molded Plastic Insert) and the combination wrench set have a distinctive eye appeal all their own. Metal boxes and pouches have been color blended to complement the individual tools—increasing their saleability many fold.

Displaying CLASSIC sets in these tastefully designed, functional packages is the first step to "instant selling". They look good, they look quality (and are) AND the Indestro budget price prompts quick buying action.
